EXTREME TACK

Extreme adhesion:
The allrounder in
interior construction

STAUF KLEBSTOFFWERK GMBH

Oberhausener Str. 1 . 57234 Wilnsdorf . Germany

12.2017/V2/350/RD

POWERFUL HOLD

IMMEDIATE ADHESION Gravity-defying – STAUF Extreme Tack makes it possible thanks to its high adhesive strength and with immediate adhesion of > 200 kg/m² when bonded. Heavy weights stay exactly where they belong, even if they are attached to the ceiling.

Bonds and affixes almost all kinds of materials in interior use.

SUITABLE SUBFLOORS

- ✓ Wood
- ✓ Concrete walls
- ✓ Concrete ceilings
- ✓ Masonry

AFFIXES

- ✓ Skirting boards
- ✓ Borders
- ✓ Clinker bricks
- ✓ Bricks

ALLROUNDER

VERSATILE STAUF Extreme Tack is suitable for universal use – on a variety of subfloors, with numerous materials. Easily bonds to wood, concrete walls, ceilings and masonry. Effortlessly affixes skirting boards and borders, clinker and other bricks.

PROBLEM SOLVER

EASY Whether for the professional or hobby DIY enthusiast: STAUF Extreme Tack makes every job easier. It has long proven itself to be an 'adhesive for everyone' in sticky situations. And it can still be corrected for several minutes after application.
